Jeyes Professional is a division of Selden Research Limited
Whatever the size of your catering operation, Jeyes Professional has the solutions for effective cleaning and hygiene right across the kitchen and in food service areas. First class cleanliness is key in any environment where food is prepared or consumed and that’s why Jeyes Professional has developed a comprehensive range of products to clean, degrease and sanitise all kitchen surfaces, equipment, and tableware.

Thoroughly effective yet non-tainting degreasers remove even the toughest grease and grime whilst odourless sanitisers have been formulated to kill harmful bacteria and prevent cross-contamination.

A range of different detergents is available for both hand and auto dishwashing where you can select the pack size most appropriate for your requirements.

To maximise economy and efficiency in your auto dishwashing operation, Jeyes Professional can also supply and install electronic dosing equipment which will ensure that excellent results are consistently achieved.

With increased public awareness of food safety it is paramount that your facilities are maintained to exceptional standards and this in turn will reflect positively on the image presented to your customers and staff.
Cleaning & Degreasing

**Power Oven & Grill Cleaner**
- New improved formula.
- Powerful caustic cleaner for ovens and grills.
- Suitable for use on cold ovens.
- Flexi spray available separately to aid application from 5 litre container (see below).
